

LEGACY

MODERNIZE

AI-ENABLED. HUMAN-LED.

AI Modernization for GovCon

NexGen AIvolution helps primes, subcontractors, and federal-market entrants modernize fragmented operations into **governed, integrated, AI-enabled systems**, engaged as scoped work packages with a defined delivery boundary.

CORE CAPABILITIES

- 01 AI readiness assessment and roadmaps
- 02 Workflow mapping, redesign, and future-state design
- 03 Data readiness, governance, and accountability
- 04 AI application, automation, and systems integration
- 05 Implementation management, testing, deployment

BUSINESS DIFFERENTIATORS

- | GovCon modernization for primes and subcontractors
- | Diagnose Before Prescribing, never automation-first
- | Human-led implementation with accountable oversight
- | Integrated delivery from assessment through adoption
- | 25 years of workflow and execution experience

THE AI TOUR DE FORCE METHOD™

Five controlled phases from diagnosis to sustained improvement.
